

Carlton W. Grant, CHA  
General Manager  
Hammock Beach Resort  
200 Ocean Crest Drive  
Palm Coast, FL 32137  
August 26, 2010

To Whom It May Concern:

Hammock Beach Resort has employed American Eagle Sentry (AES) full-time as the Resort Security for the past few years. As General Manager of the Resort, I have worked closely with AES and will attest to their high level of professional knowledge and business ethics. AES is a great business partner that provides our resort with a varied range of services.

It is imperative in our industry that we have a company we can rely on and trust to take care of our employees, members, and guests. American Eagle Sentry is an integral piece of our puzzle that helps to ensure our level of guest service success. AES has been an outstanding company to partner with and I would highly recommend them.

If you would like additional information about American Eagle Sentry, please feel free to contact me directly at (386) 246-5511.

Respectfully,

A handwritten signature in black ink that reads "Carlton W. Grant". The signature is written in a cursive style with a small "Mr." written above the first name.
